

DANNY H Magician

CONTRACT RIDER

Thank you for having me at your campus! These are some recommendations to create the best show experience for your students.

- A stage in a theater or auditorium is the best option for the show. Other options are a platform or any other elevated area for the performance, with room for the audience.
- The stage/platform must have stairs or easy access for volunteers to come up during the show.
- Please have a parking space reserved nearby the venue.
- Access to the venue at least one hour before the scheduled performance start time. A sound technician should be provided at this time for mic and sound check.
- Two channels should be provided for the venue's sound system: one XLR for a microphone and one 3.5 mm jack for an iPod.
- Stage should be well lit. If stage lighting is available, please have a lighting technician available to power and run lights.
- If there is a projector or any extra technologies available for the performance, please let Danny know as this will greatly enhance the experience!
- Allow up to 45 minutes after the show for meet & greet as well as packing up.
- If there are any photos or videos taken during the performance, please send them to magicbydanny@gmail.com
- Please provide two plastic waters bottles.
